

# PRISMA 万象

Design by Studio Roderick Vos

编号：23F004

每转动一面，就会折射出不同的光彩，就像PRISMA坐墩，趣致灵动的六条线交错围合，似万线归一，又似花心绽放，仅用线条，便勾勒出柔软轻盈的舒适感，带给空间愉悦轻松的享受。

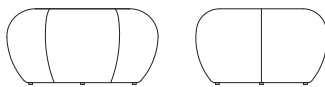

Every time being turned around, PRISMA stool shows its charm in a different way. Six dynamic lines crisscross and stretch toward the center like a blooming flower, creating a gentle comfort and making the room a delightful place to relax.
