

SPAN 舟桥

Design by Dainelli Studio

编号：DA06

舟桥茶几，融合了传统工艺与现代美学。木纹与大理石如流动的江水，粗犷的底座设计稳定如桥，不同尺寸即可分开使用，也可互相叠搭，极富美感。它既能融入现代简约的家居风格，也能与法式或中式美学的空间相得益彰。

The SPAN coffee table collection draws its design inspiration from the classic form of a bridge, with a robust base that conveys strength and stability. Available in various sizes, each table can be used individually or stacked to enhance both functionality and aesthetic appeal. This versatile collection seamlessly integrates into a modern, minimalist home while also complementing spaces with French or Chinese influences.
