

# MANTA 莱茵

Design by LualdiMeraldi Studio

编号：M05

莱茵床拥有强烈的视觉识别度。床头由两块不同尺寸的体块上下叠放组成，为设计增添了显著的美学价值，上大下小结构，框住了整个床体，形成了宽厚舒适的背景，拉扣式绗缝设计如同流动的莱茵河水，削弱了落地款床的体量感，让视觉更加轻盈与优雅。

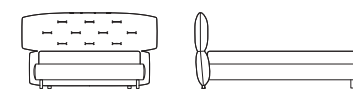

Manta is a bed with a strong visual identity. Composed of two overlapping panels of different sizes, the headboard lends considerable aesthetic value to the design and acts as a large backdrop that frames the bed. The seams subdivide the upholstery into a quilting with a modern look and attribute lightness and elegance to the volume.
