

WIND 风

Design by Masayuki Kurokawa 黑川雅之

编号：H23

“风”书桌，寓意穿过风在空中飞行如羽翼般的桌子，书桌的设计将东方禅意与自然精髓和谐统一，并有超大尺寸的选择，并可配有文件柜。

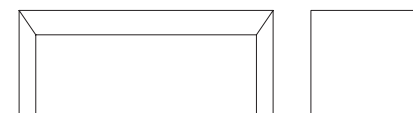

The wind desk breaks from traditional desk. With its wing-shaped legs and aerial, willowy structure, it recalls the motion of a bird flying in the sky, carried by the wind. The piece pairs together the oriental philosophy of life and the essence of nature, representing a harmonious integration of form and function.
