大理石立柱腿偏离茶几四角的设计，达成与桌面的错落感与偏离感。就像希腊的帕特农神庙具有大气之美。BOND四方茶几，立于天地之间，带来舒展稳固的安全感。

BOND is inspired by the Parthenon temple from Greek, the expression for solid and sculptural beauty. The tabletops are in balance with the straight legs which are intersecting with each other in a well crafted and defined way.
